Extra Curriculars

Smart India Hackathon

- Cleared Internal Round of our college . Our team got selected among 250+ teams.
- Created a web app for Mental health screening . Which is based on DASS 21.

Personal Projects

- **Sukoon (Aug 2023 – Nov 2023)**
 - Developed a mental health screening app utilizing the DASS-21 questionnaire to assess and analyze depression, anxiety, and stress levels. The app recommends personalized therapies based on users' scores, enhancing mental health support and intervention.
 - Used Flutter, Dart, Firebase for backend, SQLite for local storage, and RESTful APIs for data integration.
 - Participated in the Smart India Project with this app with my team consisting of 6 members, contributing to innovative solutions for mental health.
- **COBRA (Jan 2023 - Present)**
 - Developed an online coding contest and quiz hosting platform to facilitate competitive programming and educational quizzes.
Tech Stack: MERN (MongoDB, Express.js, React, Node.js), JWT for authentication, Socket.io for real-time updates, and AWS for deployment.
